

Chorlton-on-Medlock Allotment Society

Membership Form

COMAS is a community group formed to turn any small plot of land into a productive site for growing and cooking food such as vegetables, herbs and fruits. We are active in the Brunswick neighbourhood. As a group, we aim to engage and encourage the wider community to get out and grow!

There's so many opportunities to grow: on your windowsill, balcony, garden, meanwhile site, the urban allotments site, or any other parcels of land or space where you can get permission. There's so much potential to grow your own produce and eat healthily.

You can join the COMAS mailing list whether you are brand new to planting or want to share your expertise of the joys of planting, growing and producing. Get involved as you are able with our events such as regular planting and maintenance sessions in our greenhouse and meanwhile site at the S4B office.

Find out more on the website, Facebook, Twitter or get in touch via email. To join the mailing list please fill out the bottom slip and get it back to one of our committee members or email it across to us.
